Daily Lane Closures on Irving Park Road between Baker Drive and Emmerson Avenue

CHICAGO – The Illinois Department of Transportation (IDOT) announced that daily lane closures will take place on Irving Park Road (Illinois 19) between Baker Drive to Emmerson Avenue, in Itasca, for a resurfacing project, beginning, weather permitting, Monday, August 15.

In order to complete the work, daily lane closures will occur on Irving Park Road from Baker Drive to Emmerson Avenue. Irving Park Road will be reduced to one lane of traffic with flaggers in sections of the project, when necessary.

The scope of the project includes resurfacing, patching, and ADA-compliant pedestrian crosswalk improvements. The project also consists of new pavement markings and curb and gutter. The overall improvements are expected to be completed in Fall 2016.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
